

Specification Sheet

MA06A50W Spirovent Superior S6

Specifications

ArticleNr	MA06A50W
Product description	Spirovent Superior S6
Description	Spirovent Superior Standard
Dry weight	58 Kg
Pump	Multi stage centrifugal pump
Casing	Steel frame ps cover

Design Criteria

Medium	Water /glycol (max 40%)
Max. temperature	90 °C
Max. system volume	300 m ³
Min. pressure	1 barg
Min. temperature	0 °C

Testing & Quality assurance

--	--

Construction Materials

Deaeration cap	Brass
----------------	-------

Dimensions

Depth	350 mm
Width	590 mm
Height	880 mm

Power requirements

Voltage	230 V
Power consumption	1,15 kW

BMS Specifications
