

Specification Sheet

MA04A50 Spirovent Superior S4

Specifications

ArticleNr	MA04A50
Product description	Spirovent Superior S4
Description	Spirovent Superior Standard
Dry weight	16 Kg
Casing	Steel frame ps cover

Design Criteria

Medium	Water /glycol (max 40%)
Max. temperature	90 °C
Max. system volume	25 m ³
Min. pressure	1 bar-g
Min. temperature	0 °C

Testing & Quality assurance

Test medium	Water
-------------	-------

Construction Materials

Deaeration cap	Brass
----------------	-------

Dimensions

Connections in/out	1/2 "
--------------------	-------

Power requirements

Voltage	230 V
Power consumption	0,1 kW
